

James Kilfoil Publications

Kilfoil, J. P., A. J. Wirising , M. D. Campbell, J. J. Kiszka , K. R. Gastrich, M. R. Heithaus, Y. Zhang, and M. E. Bond. *In press*. Baited Remote Underwater Video Surveys (BRUVs) undercount sharks at high densities: insights from full-spherical camera technologies. Marine Ecological Progress Series.

Campbell, M.D., J. Salisbury, R. Caillouet, W.B. Driggers, and **J.P. Kilfoil**. *In press*. Camera field-of-view and fish abundance estimation: a comparison of individual-based model output and empirical data. Journal of Experimental Marine Biology and Ecology.

Lagabrielle E., A. Aliibert, J. Kiszka, N. Loiseau, **J. Kilfoil**, and A. Lemahieu. *In press*. Socioecological changes increase the probability of shark-human interactions around a fast-developing Indian Ocean island. Scientific Reports.

Kilfoil, J.P., B.M Wetherbee, J.K. Carlson, and D.A. Fox. 2017. Targeted catch and release angling of prohibited sharks: Sand Tigers (*Carcharias taurus*) in coastal Delaware waters. Fisheries.

Fox, D. A., B. M. Wetherbee, S. Johnson, **J. P. Kilfoil**, and S. Michels. 2015. Conservation of the Sand Tiger shark (*Carcharias taurus*) in the waters of Delaware Bay and nearshore coastal habitats. Final Report for NOAA-NMFS Proactive Species Conservation Program. Award Number: NA09NMF4720365.
